About Datamars

Datamars is a global data solutions company with a 30+ year legacy in animal and textile solutions. Building on our history as a successful RFID identification and data solutions company we bring together products, technologies and capabilities to put powerful data in the hands of our livestock, pet and textile customers so they can make better informed decisions, get the right results and achieve measurable success.

An insight to the role

- Proactively execute all activities related to credit collection of B2B customers across the globe
- Assist in the further development of our credit management process & actively execute associated tasks based on our policies, guidelines and internal control procedures
- Contact customers for payment resolution, negotiate payment arrangements & facilitate payment of invoices due
- Communicate trends in payment behaviour of customers to our CFO; support in the development of our annual budget & support execution by proactively monitoring controlling payment trends
- Build & maintain proactive relationships with our global sales organisation & direct with customers to prevent or detect late payment of invoices & take relevant action
- Perform day to day financial transactions, including verifying, classifying, posting & recording accounts receivables' data in compliance with financial policies & procedures
- Produce reports as required by the CFO and management team

Key success factors

- Recognised for your superb interpersonal skills, you'll be an allrounder in developing relationships with a wide range of people, across all levels of business
- Proven experience in credit management (ideally at least 5 years) or commercial function with an international company
- Knowledge of application of international incoterms & understanding of accounting principles
- Compliance with local accounting legislation, tax laws, standards & reporting timeliness
- High degree of accuracy & attention to detail, combined with competent hands-on Excel spreadsheets & accounting software
- Driven to achieve positive customer outcomes through gentle but persuasive communication & negotiation
- Fluent in English & a second common language is a preference

Culture & Values

- **BE Passionate; Aim to Excel; Respect one another; Strive for Performance; Be Empowered!**
- Customer centric – Solution focused – Relationship driven
- Innovative – delivering advanced integrated technologies to transform sectors
- Collaborative – sharing ideas & collaborating across global teams
- Competitive & growth mindset – Market leaders – Goal oriented – growth focused

As a vertically integrated business with a head office in Switzerland and market-based operations in over 21 countries, we unite people from diverse sectors, backgrounds, countries and professions. This proudly diverse and inclusive culture strengthens our collective abilities to make a measurable difference to the profitability and quality of life of customers, the sustainability of sectors and the future of the environment.

We have R&D hubs in three locations, production facilities in six locations and sales and marketing hubs in over 24 locations worldwide. We are constantly evolving, which allows our people to engage with stimulating & innovative technology, products & projects.

Located in the simply stunning Ticino Region in Switzerland, over a third of our team utilise our subsidised public transport benefit and we are only a 10 minute walk to the train station. You'll discover a range of areas within the region that offers affordable living options and you'll never be left wondering how to fill your free time with so many amazing outdoor adventures on your door step!
