

TracKing-I Portable Reader

Product Description

The TracKing-I is a portable livestock reader with a “state of the art” user interface. Extremely light and easy to handle, this device has been designed to reliably scan your animals with best-in-class reading performances. It reads all ISO HDX and FDX-B transponders in accordance with ISO Standard I 1784/5.

The TracKing-I has an internal memory to store 4'000 ID codes, continuous reading, tag counter features and a long-lasting rechargeable battery. The included companion software will allow you to download the recorded data quickly and easily.

Optional Bluetooth allows for wireless connectivity with Bluetooth enabled devices such as weigh scales, printers, computers and most mobile devices.

Technical Specifications

Product Name	TracKing-I
Size and Weight	223 x 108 x 41 mm, 290 g
Power Supply	Rechargeable battery (Lithium polymer)
Interface	USB Bluetooth (optional)
Transmission Frequency	134.2 kHz
Memory	4'000 IDs
Operating Temperature	-10°C to + 55°C, 85% RH non condensing
Charging Temperature	+5°C to + 40°C, 85% RH non condensing
Long-term Storage Temperature	-20°C to + 45°C, 85% RH non condensing
Typical Reading Distance (depending on tag)	33 cm HDX 30 cm FDX-B
Certifications	EN 60950 - 1:2006 CE ACMA FCC
